

A record forty-seven persons including Ben, a five-year old boy, supported and completed the 3.25 mile 2012 New Year's Day walk. This was the village's twenty-third walk, an initiative devised to create community spirit started as a millennium project in 2000 and has now grown to three walks per year. The circular route was through Donyland Woods, continued through Rowhedge village and down to the waterfront. The walkers returned to Langenhoe village hall for an enjoyable social tea arranged by Derek and Ena Ingham and the walk was led by Gordon Davis. The event was again sponsored by A & L parish council."
