

Village walk 5th May 2013

In glorious spring weather sixteen adults and the twin children Jasmin and Jenson came on the 3.75 mile 26th village walk , the areas explored were the Roman River Valley and Friday Woods. One of the objectives was to listen to the song of the nightingale, disappointingly the group had to be content with just a few notes of the birds' far ranging melody. As usual Derek and Ena Ingham organised the social tea in the recently enlarged village hall and the walk was lead by Gordon Davis. This function was initiated by the parish council thirteen years ago as a millennium project and continues to be as popular as ever.
