

Bulmer Broadband update from County Broadband

Bulmer Broadband

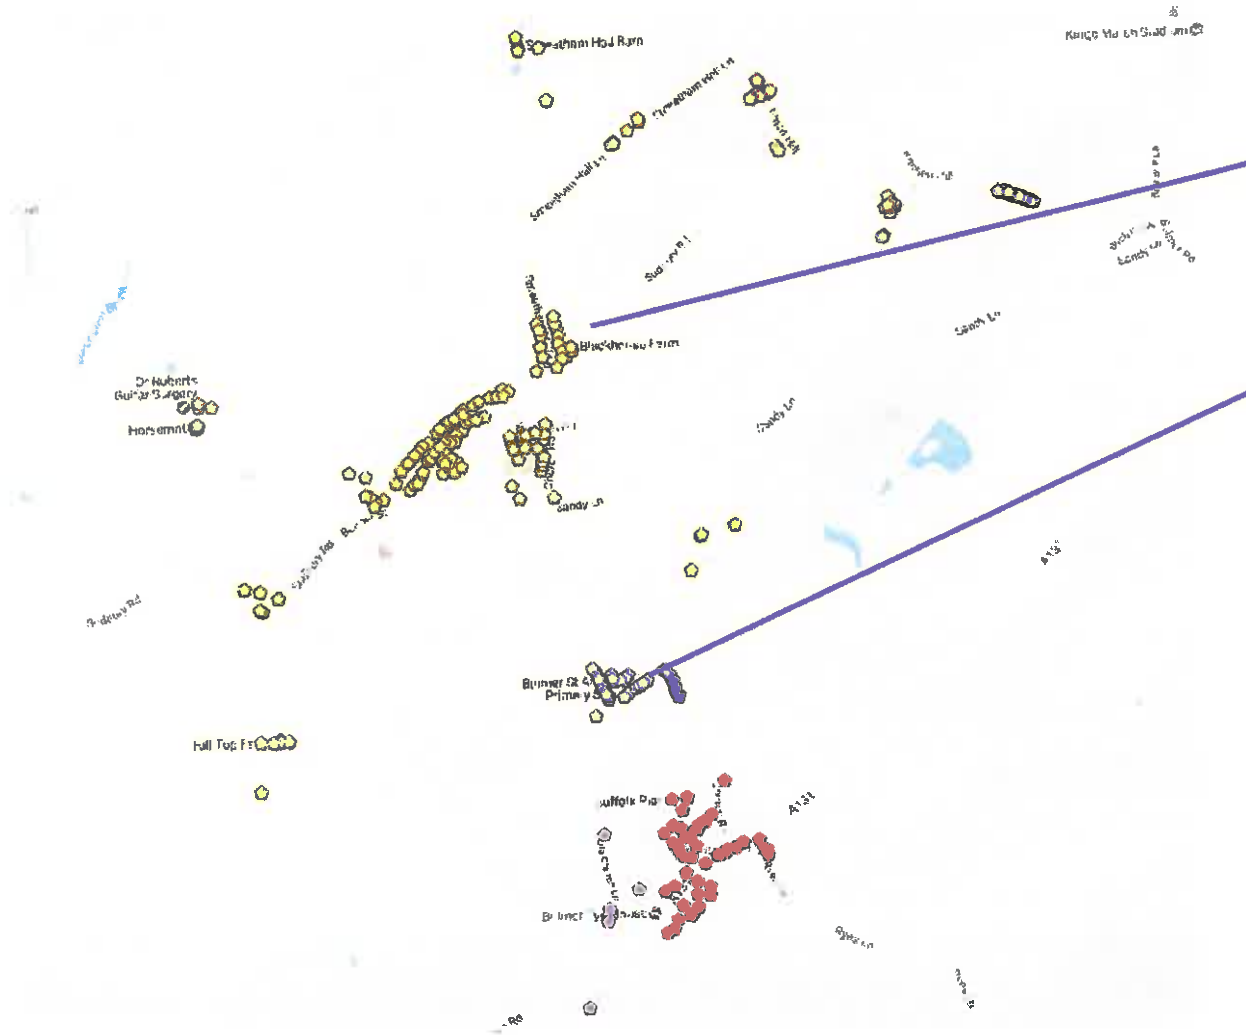

Current Provision

- 256 premises in the parish (2011 Census)
- 227 total premises identified as can be supplied by CBL (May OMR)
 - 184 currently in range
 - 43 planned for 2018 (Bulmer Tye)
- Current position
 - 32 connections in the village
 - 4 more planned
 - 7 enquiries that we can connect - awaiting response from customers
 - We know that 32Mb NGA coverage not complete

Bulmer Broadband

Upgrades by end of May

Upgrade work

- Create new Access Point to feed Smeetham Hall Rd
- Complete the upgrade and extension to our existing Access Point

Will generate 32Mb NGA service for all covered premises

Bulmer Broadband

Fast Track roll out to end of July

Full coverage for both
Bulmer and Bulmer Tye
area

32Mb in both upload and
download

Not every property highlighted
here will be able to connect
directly to their property due to
low lying property, trees obscuring
the signal.

- 32 Mbps service today
 - More unlimited tariffs coming soon
- 100 Mbps service in the next few months
- Integrated phone and broadband launched in Summer
 - Keep your current number
 - Cancel your BT phone rental (saving £20 p month!)
 - £6 per month which includes unlimited landline calls
