Hi Alan,

Natural England agree with the conclusion of the Screening Report that there is likely to be a significant effect without the amendments suggested in our letter dated 25th January 2018, however, with these three amendments to the HRA report and Neighbourhood Plan, it will be possible to conclude no likely significant effect alone or in combination with other plans or projects. Apologies for the confusion.

Regards,
Kate

Subject: HRA Screening Response - Hatfield PEverel Neighbourhood Plan

Hello Kate,

Thank you for sending through the Natural England response to the HRA screening for the Hatfield Peverel Neighbourhood Plan.

I require a clarification.

The HRA screening report (Dec 2017) included a couple of significant impacts for transport and access and developer contributions (p20 and p24). The conclusion of the HRA also highlights these issues. The response from Natural England says that it agrees with the conclusion of the HRA that there would be no likely significant effect either alone or in-combination subject to 3 amendments. The confusion is that you say that the letter agrees with the conclusion of the HRA but the conclusion of the HRA says that there will be some in-combination impacts?
