

Little Waltham Parish Council Asset Schedule (approved 2019)

The practitioner's guide states that assets should be recorded at their original cost and no adjustment is required until disposal. Where original cost is not known a proxy such as insurance value may be used but this value should remain constant throughout the period of ownership and not be revised to reflect current values. Although actual insurance of such items may increase the values shown above will remain constant to reflect this requirement.

Assets acquired this financial year are marked with an asterisk.

Current Assets Date Acquired	number	Asset and Location	Acquisition value	Insurance value attributed to asset (as at May 2014)	Actual insurance value if different
