## REMEMBRANCE SUNDAY

As this year is the centenary of the end of The Great War (World War 1) we are working with the Church for a special act of remembrance. Times of the services and remembrance at the War Memorial in the Burial Ground are to be confirmed as we write but it is anticipated that we will be at the War Memorial in time for the 2 minutes silence at 11am on 11 November. Check All Saints Epping Upland website/facebook page for precise details.

Do join us and 414 (Epping & North Weald) Squadron ATC on this special day.

We have been working for some time with the War Memorials Trust to have maintenance carried out on the War Memorial and to add an inscription for Pioneer Ernest William Woollard who died in April 1918. In order to preserve the memorial and obtain funding we have to do things in a particular way which has regrettably taken much longer than we expected. We hope to have some of the work done by Remembrance Sunday and certainly by the end of the year.

## LITTER

There are regular litter picks throughout the parish by EFDC but **please can we all dispose of our own rubbish either by taking it home or using the litter bins in the area** – on the Village Green, green by the Chapel and pond, in the Playground (not dog waste).

A reminder yet again to **pick up after your dog** particularly in the darker mornings and evenings when in it is more difficult for people of all ages to avoid. Poo bins are for dog waste only.

**No excuse** unhealthy unhygienic unlawful

## FROM ESSEX POLICE

As the autumn nights draw in the tell-tale signs of the empty house become more apparent.

FACT: Most burglars will prefer to target the empty house unseen and avoid any confrontation.

As the days get shorter if you work away from home, or even pop out to get the children from school by the time you return home it may already be dark. A house in darkness says no one is in especially if your neighbour's houses either side have lights on and show other signs of being occupied. If you back onto open farmland or have parking areas or footpaths to side or rear this may be even more apparent.

Create the "Illusion of Occupancy", when its dark make your home look like you are in. Leave lights on or put them on timers or daylight sensors to come on when it gets dark. Remember though no one lives in the hall or on the landing so if you leave these lights on supplement these with lights on in rooms that you would normally occupy at that time of day i.e. lounge and kitchen. A carefully placed imitation TV or "Fake TV" can further add to that illusion of occupancy by making it look like the television is on. Some burglars may also listen at windows or letterboxes for signs of activity, so consider leaving a radio on within your home.

Don't forget the outside of your property too, if burglars see that it is lit they are less likely to approach for fear of being seen.

Leave lights on, with energy efficient bulbs it costs very little now days and yet may save you lots!
